Glossary

10/05/2019 86,494	California	Failed Emissions Inspection	Failed emissions inspection
The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards. Missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

10/18/2019 86,829	California	New Owner Reported	Failed emissions inspection
When a vehicle is sold to a new owner, the title must be transferred to the new owner(s) at a Department of Motor Vehicles.			
10/22/2019 86,948	California	Odometer Rollover	Failed emissions inspection
Older vehicles often have 5-digit odometers that roll over to zero when the mileage exceeds 99,999.			
10/22/2019 86,948	California	Ownership History	Passed emissions inspection
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.			
07/15/2021 91,010	California	Title Issued	Failed emissions inspection
A state issues a title to provide a new owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
